American Rescue Plan (ARP) Spending Plan Reporting

1. Have you made changes to your approved ARP - ESSER application?

- YES, the LEA has made changes to your approved ARP ESSER application.
- NO, the LEA has not made changes to your approved ARP ESSER application.

2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.

Planning Group
 All of the planning for the ARP-ESSER funding flowed through the administrative team and Curriculum Council, comprised of teacher leaders, teacher collaborators, and administrators. Each of the intervention strategies/supplies/activities selected directly related to areas of need identified by, in part, a survey of the entire staff and review of student data.

Review Team
 A subset of teachers, some teacher leaders, and staff form the review committee. Their task is to review the implementation and spending reports to prepare a Board report. This report is submitted twice during the year. In reviewing this report, staff has been approached for their impression of the initiatives and strategies put in place. The response has been very positive, with some helpful suggestions to develop the initial plans going forward.

Parents
 The most positive input has come from parents able to enroll their children in full-day PreK for the first time. They have expressed gratitude for the growth they have seen in their children and the help this has directly offered their families. They also see that, with related services and electives available at an early age, their children are becoming prepared for their learning careers.

3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.
