

## Updated Emergency Assistance for Nonpublic Schools Frequently Asked Questions

### Eligibility

- 1. Must a school that was awarded the first round of PPP include those funds as a cost offset to the financial impact of COVID on the nonpublic school, especially if the funds were used to pay regular salaries and operating expenses and were not used for COVID related expenses such as cleaning or PPE?**

Yes. The school should also record the revenue losses etc. that forced the school to use PPP funds to pay salaries.

- 2. Are schools still eligible that apply for and receive PPP support**

The federal statute excludes schools that have received PPP funding after December 27, 2020. Schools can apply for the PPP program, but they can only accept the federal funds from one source. Schools should anticipate that these federal funds will be subject to audit.

- 3. Can we apply for PPP after December 27<sup>th</sup> and apply for EANS?**

Yes, but you will have to decline one or the other.

- 4. The guidance for the EANS says that we cannot submit a LOI if we received PPP funding after December 27<sup>th</sup>, 2020. While we did receive PPP funding after that date, however it was only for our OCFS funded employees (specifically based on OCFS payroll numbers not SED). Does this then exclude our SED programming for the EANS funding?**

Yes, you will not be able to receive EANS funding.

### Submission

- 5. What if I have multiple sites with multiple BEDS numbers, how do I submit a letter of intent?**

You can submit 3 Letters of Intent (1 for each school) OR you can use the

4/30/2021

You should only file one set, in this case just the spreadsheet.

**7. How do I submit the letter of intent spreadsheet for pooled funds?**

File by email to

4/30/2021

**amount even though none of the COVID-19 costs in the LOI were applied**
